Data Warehouse dan Bisnis Intelligence - Kelas C

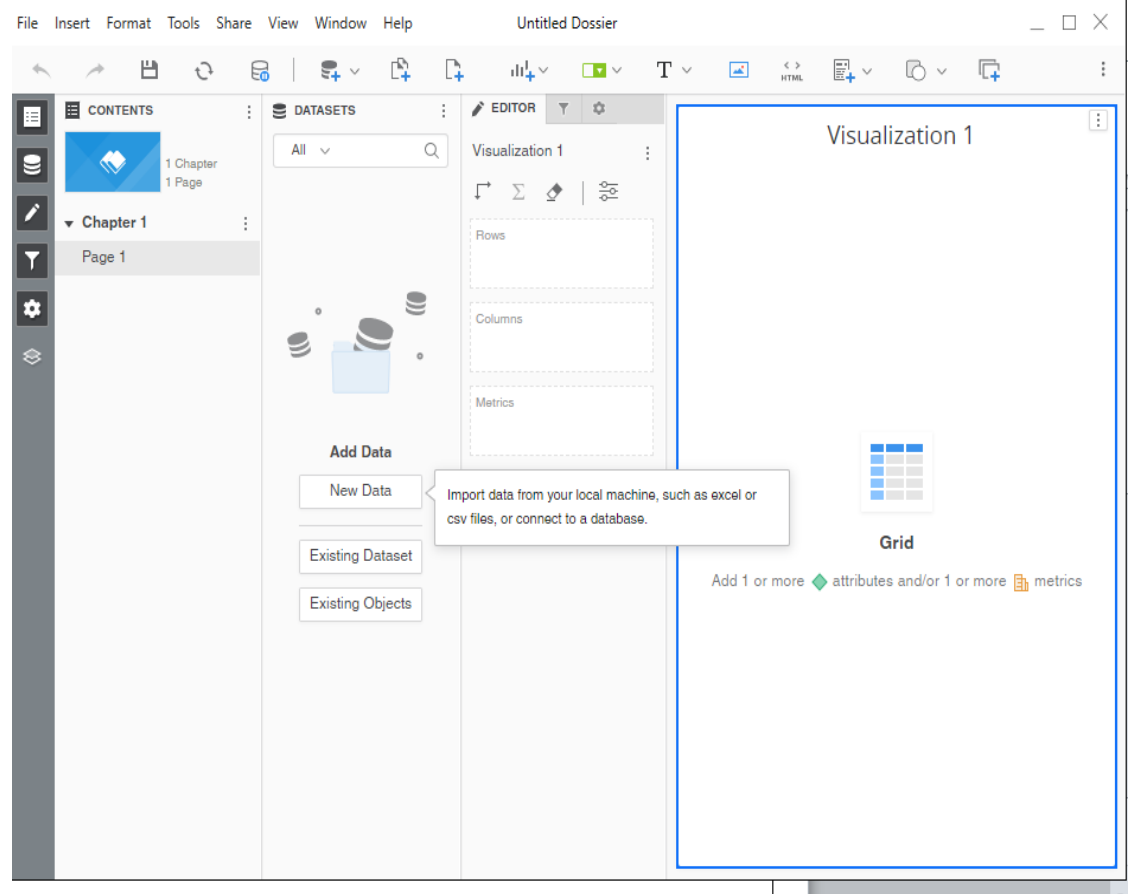

Tugas III

Menghubungkan Snowflake dari Workstation

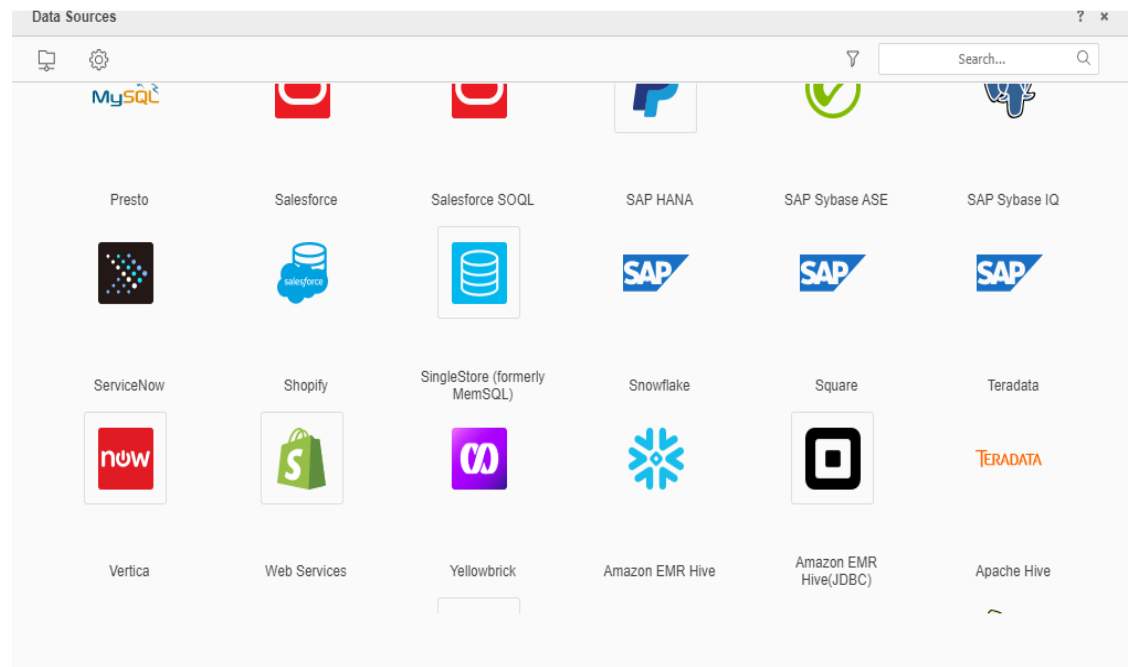

- Pertama kita install the driver
Download JDBC driver pada link ini
<https://repo1.maven.org/maven2/net/snowflake/snowflake-jdbc/>
- Lalu kita buat database
 1. buka Microstrategy Workstation
 2. lalu pada Dossiers , klik Create a new dossiers

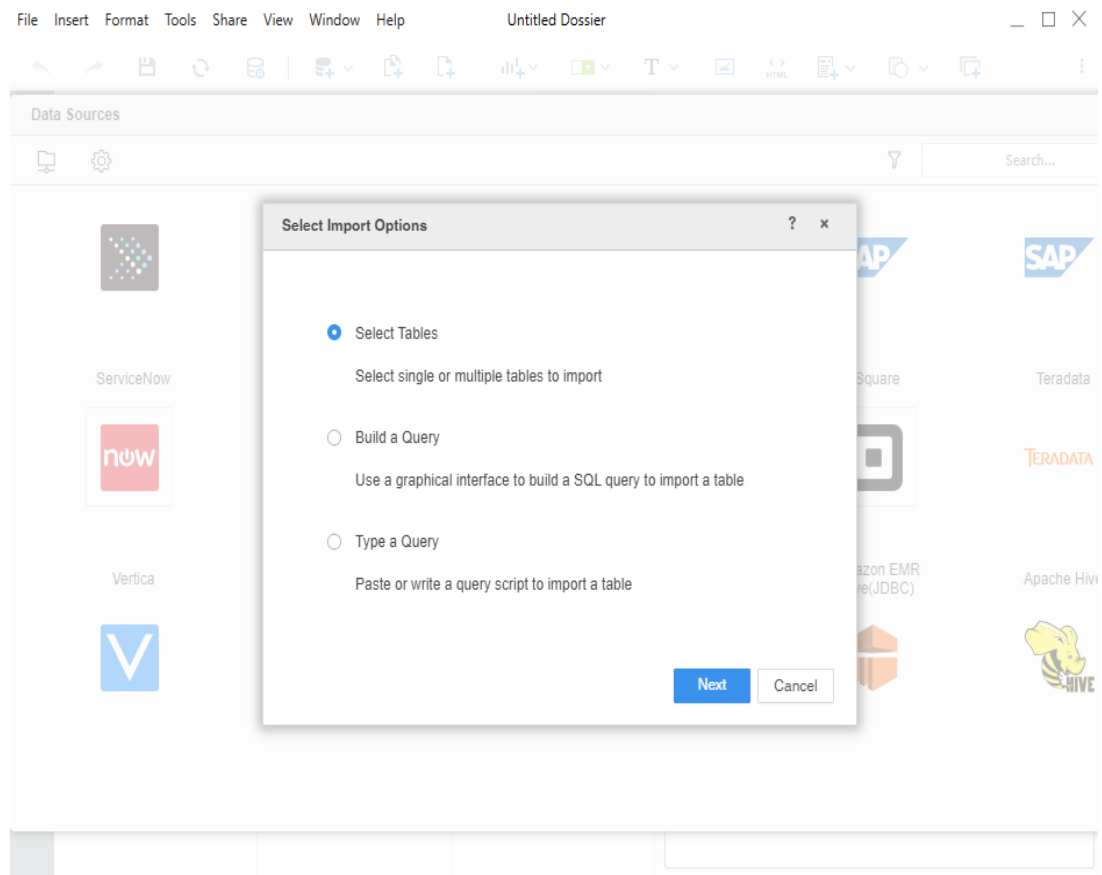

➤ Lalu klik new data

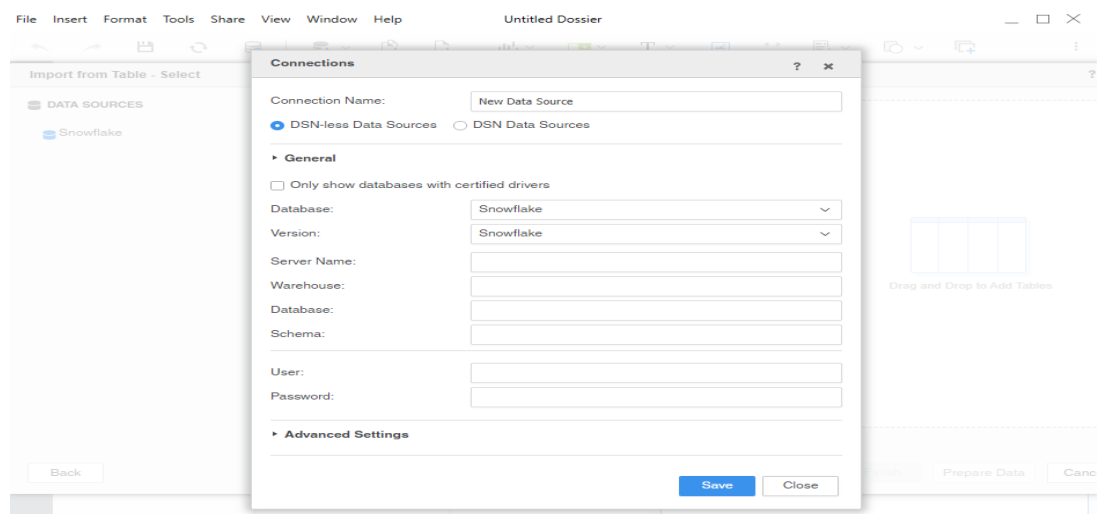

➤ Lalu cari Snowflake

➤ Lalu klik select tables

➤ Lalu isi data source dialog hingga complete.

➤ Lalu klik save
